

Memorial Book Fund

A book can provide a lasting tribute to the memory of a loved one or provide a unique way to honor special events such as birthdays, graduations, anniversaries, or other special occasions.

Your tax deductible gift to the library will not only be a lasting memorial, but will also bring enjoyment and knowledge to the community.

Each gift book will have a special bookplate which gives the name of the person to whom the book is dedicated and the name of the donor. The library will also send a note to the person being honored or the surviving family.

Donors may suggest a specific title or have the librarian choose a title in a designated subject area. The minimum suggested donation for a memorial book is \$20 for a children's book title and \$30 for an adult book title.

Note* The Library will do its best to adhere to book suggestions but reserves the right not to add specific title if a copy already exists in our collection. The Library also reserves the right to remove an item from collection once the book's content becomes outdated or the book falls into disrepair. The Library has book memorial records from 2011 forward. In the future, we will retain records for 10 years.

Memorials may be made by downloading and printing our form. (Attach form)

Please mail your donation and the form to the library.
